CHURCH OF GOD MINISTRIES

CBH Exploring Partnership in Sri Lanka

Sri Lanka is an island nation just off the southern tip of India. The Church of God Sri Lanka (COGSL) was established in this country in 1989. Since then, the Church of God has grown to twenty-eight pastors serving across the island in very difficult ministry locations. Sri Lanka is primarily a Buddhist nation, with only one percent of its population identifying as Christian. These believers are often discriminated against and persecuted for their faithfulness to Jesus Christ, the Living God.

As Church of God Global Strategy representatives, we have partnered with the Church of God in Sri Lanka to invite Christians Broadcasting

Hope (CBH) to come alongside the incredible ongoing ministry initiatives already in place. We believe this partnership with CBH will provide a much-needed national communications channel to the island's 22 million people.

The addition of Sri Lanka to CBH's already strong presence in Southeast Asia will add a new dimension to its list of language broadcasts. The island has two primary languages, either of which would expand CBH's outreach. Tamil is spoken by over 75 million people, mostly in Sri Lanka and southern India. Sinhala, the second language, is the national language of Sri Lanka. This partnership with COGSL has the potential to reach

people who do not have access to a church, as well as those who might never otherwise receive the Gospel message.

Bringing Hope to Haiti

My name is Mystil Valessa. I am also commonly known as Mr. Val. I work with Christians Broadcasting Hope (CBH) as a producer in Haiti, producing programs in the Creole language. Today, I want to take a moment to thank the leadership team for the good work they are doing. This work is very important to me personally, and it helps many young people come to know the Word of God. It is also helping many people change their lives through the different messages they receive.

I want to encourage you to continue this same work, because it is very

valuable. Only God can reward you for this. To conclude, I will share two testimonies with you of the seekers that are looking to us for direction. Through them, you will understand how important this work is.

From listener Andreline: "Thank you for the grace that the Father has given to us. I hope one day I will testify, because I hope I will obtain what I am searching for in my life. God bless."

From listener Wedler: "This is a difficult subject, but we must respond to these questions. God is goodness and truth."

Disobedience to God is destruction, but obedience to God is success and glory."

Producer, CBH Creole

CBH Urdu Impacts the Islamic World

“For so the Lord has commanded us; ‘I have made you a light for the Gentiles, that you may bring salvation to the ends of the earth.’” Acts 13:47

Imagine a light breaking into the darkest corners of homes, hearts, and entire communities—bringing hope where there was only uncertainty, love where there was emptiness, and salvation where there was none. This is the power of your partnership with *Chashma Hayat*. Through your prayers, support, and faithfulness, lives are being touched across Pakistan and beyond.

Recently, a Muslim man named Muhammad and his family accepted Jesus Christ as their Savior and shared their

testimony on our radio program. This story is living proof that God’s light reaches every nation, every language, and every household. Your partnership is making such a transformation possible.

People are showing interest by asking more questions about how to follow Jesus Christ and about His teachings. They have also shown interest in online Bible and Christian literature. Your support enables the ministry to bring good news to those who often have limited access to it. Not only Muslims, but also Hindus, Sikhs, and Zoroastrians in Pakistan, India, and Dubai are listening, following, and actively reaching out to the messenger with interest. Every testimony, every

story, every experience is a living example of how the Lord’s light spread hope, peace, and faith in hearts across the world.

By giving generously, praying faithfully, and sharing this mission, you act as vital partners in this work. Your contribution allows *Chashma Hayat* to reach Urdu-speaking communities. Your partnership ensures the Gospel reaches the corners of the earth, touching every generation and every society.

Ria Mushtaq

Online teacher and pastor, CBH Urdu

CBH Portuguese

It is with great joy and deep gratitude that we express our appreciation for another year of support for the broadcast of our radio program and the production of our literature. Through this investment in the Kingdom, thousands of people have been reached across many regions of Brazil.

God has done wonderful things. We have seen His mercy clearly

manifested, and testimonies continue to reach us, showing how radio and literature have been instruments of blessing, spiritual growth, and comfort in many lives.

Currently, we have several missionaries working intensively within Brazilian prisons. All the materials from the *Ecos da Liberdade* (CBH Echoes of Freedom) project have been widely

used inside these facilities, serving as tools for discipleship and teaching for men and women who are preparing to return to society, seeking to live restored, family-centered, and Christ-centered lives after their release.

We are deeply grateful for the support that has enabled thousands of people to be reached with the Gospel through radio. Many report spiritual growth,

strengthened faith, and comfort during times of pain and difficulty.

A woman wrote to us from inside a hospital, saying that when she heard the radio message, even though she was hundreds of kilometers away from the *Ecos da Liberdade* studios, she felt as if a pastor were right there in her hospital room, embracing her, praying for her, and bringing comfort during a very difficult time.

We have also received encouraging reports, including from pastors, who have been inspired by the messages

broadcast on the radio. Many of these messages have been replicated in local churches, and some Christian communities have used our radio material to develop sermon series and Bible studies, which in turn have provided spiritual support and reached other churches throughout Brazil.

We praise God for CBH and pray that the Lord will continue to use this ministry as an inspiration to Christian communicators and radio ministries around the world.

May the Lord richly bless you.

With a grateful heart,
Isai Marcelo Hort

CBH Alive in Kenya

It is true that many people listen to radio programs here in Africa, particularly in Kenya and in rural areas. They rely on radio for news, entertainment, education, and information. CBH Swahili programs that are aired on our local radio station, West FM, have gained many listeners who have responded very positively. They have shared that the programs inform, educate, and nourish their spiritual lives.

Many listeners say they receive spiritual nourishment through the programs that bring healing to both body and spirit. Some have testified that they have been deeply touched by the sound theological teaching, and their lives have changed as they now live for Jesus Christ. God is using His Word to

change people's attitudes toward Him. His desire is to see people saved and turning away from the ways of the world. We thank God for those who support this noble task for His glory.

The following is one of the testimonies I received last week:

"I was very sick to the point that I could not eat anything or even wake up to do my household duties, so I kept sleeping. The Spirit told me it was Sunday, just 10 minutes before 8:00 AM when there is a CBH Swahili program. I waited for the program to begin at 8:00 AM. When the program began, I felt the hand of God touching my body. My heart felt hot, and even my entire body. When the program ended, I was healed. Praise God."

Thank you so much for supporting this Swahili program that is touching many lives here in Africa.

Obed Oketch
Director, CBH Swahili

Our **CBH Eye on the World trips** will be visiting Obed and the Swahili team in July of 2027. You can come along! Check it out at: www.christiansbroadcastinghope.org/kenya

CBH Eye on the World Trips

Trip to the Holy Land

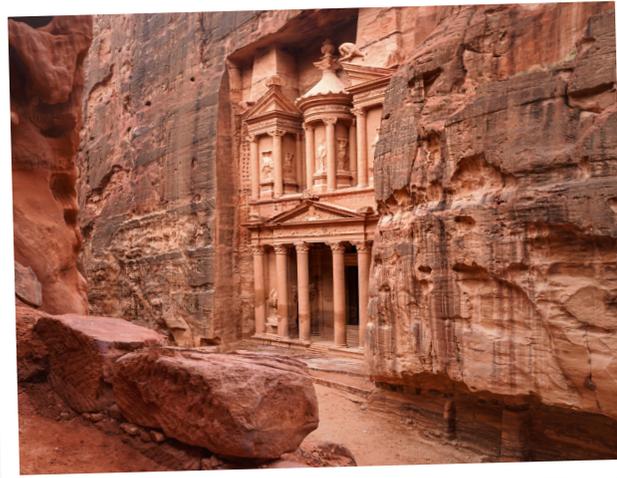

January 5-17, 2027

As CBH travels to many places around the world, we are always vigilant in monitoring current events and how they might impact any of our trips.

We invite you to embark on this experience—not as a tourist, but as a pilgrim. The author N.T. Wright said it beautifully: “A pilgrim is someone who goes on a journey in the hope of encountering God, or meeting him in a new way.” The Holy Land offers a unique opportunity to follow Jesus, inhabiting ever so briefly, the same space He did two thousand years ago. As we walk, talk, laugh, and pray our way through the Holy Land together, we are sure to see God, and ourselves, in a while new way.
