BROADCASTING HOPE

CHURCH OF GOD MINISTRIES

## A Stellar Year at Christians Broadcasting Hope

It has been an amazing, growing, and fruitful year for our Christians Broadcasting Hope family of outreach. After all the struggles of COVID and its fallout, we are back on track to conclude one of our most impactful years in our 76-year history. We launched new programs, traveled the world, enabled indigenous ministry, enriched lives, exposed people to worldwide ministry, and have seen lives change!

When you support Christians Broadcasting Hope, this is what you are helping create. Our 10 language teams depend on us to come alongside them as they carry out the ministries in their respective cultures, with their chosen styles, and with their developed evangelistic plans. They do the work,

have the wisdom, and conceive of the methods...God blesses it...people's lives are changed forever.

Our **Eye on the World** teams have traveled to Israel, Jordan, Pakistan, Thailand, India, Kenya, and the Dominican Republic this year. Growing in our faith, witnessing ministry, lending a hand, providing training, and bringing encouragement has all been a part of the efforts. Thank you to all of you who have faithfully supported us through this year and beyond. For everyone else, we are inviting, asking, and praying for your engagement in this vital, international ministry, and those who serve around the world on its behalf. On the back of this newsletter, you will see some specific options

for financial support. They are only suggestions, and we are glad to receive or talk with you about anything you would like to do in connecting with our CBH teams around the world.

CBH has reached millions with a message of Hope in 2023. We have garnered 500,000 followers on our social media platforms. We have engaged with tens of thousands of listeners and prayed with thousands, witness restoration, healing, salvation, families restored, and spiritual renewal among hundreds of souls. Please join us as we enter 2024 and our 77th year of spreading Hope. Our listeners will be eternally grateful. So will our teams!

## Our French-Speaking Work for West Africa

I come to you bringing some information regarding the radio work [Christians Broadcasting Hope] in Côte d'Ivoire. But first, I thank everyone who gave money to support this work so lives can be won for the Lord. May God bless you and remember your sacrifices and gifts for his cause. By the grace of the Lord, the programs that we produce are really appreciated by the listeners, evidenced by the feedback and encouragement that we received from them.

I communicated with a young woman who after listening to our program on marriage contacted me to explain the failures she was experiencing in her

romantic relationship. We had time to pray together, and I gave her some advice to follow so she will have a good relationship with the Lord. I recommended to her that she be open with her pastor so he can also support her in prayer.

In addition to this, we have had many other cases, some of which I would like to mention:

I had a young man from Yamoussoukro who contacted us and wanted us to pray for him that he will quit smoking. Another person from Abidjan had a problem in their home that was addressed by our program. I prayed for

another person to be freed from evil spirits in his life. Another asked for the program to help his youth. I prayed for a person in Dabou for spiritual support. I also received several encouragements on the Facebook page, and we had many people who asked us to pray for them about the situations they were experiencing.

Here, in a few words, is the work we are doing through the radio. Thank you for reading and God bless you for your efforts.

## Christians Broadcasting Hope in Swahili

The Christians Broadcasting Hope (CBH) Swahili program was established in East Africa, Kenya, for the purpose of broadcasting the message of Christ Jesus with the Hope that it brings out a hundredfold. We prepare various programs (preaching, teaching, counseling, etc.) to meet the needs, interests, and preference of about 10 million people in western Kenya, Nyanza, Rift Valley, and Uganda. Through these programs, those who listen have expressed their gratifications, that they were sick and God healed them, were preparing to commit suicide but were saved, they were neglected by their parents but God has given them refuge, families were breaking apart but God has held them together once more, students

were experiencing difficulties in paying school fees but God has opened financial doors for them. There are many thanksgivings being expressed for the Hope of Jesus taking us through life.

Often our engagement with listeners is on-going. Currently our CBH Swahili prayer team in Kenya is praying for a one-year old boy called Adrian, who was diagnosed and determined that he has a hole in the heart. A specialist doctor who deals with hearts expressed that the boy needs urgent surgery before it's worse. The hospital is requesting many Kenyan shillings for this. The boy's mother had her pregnancy while in college and stopped attending classes. The father of the boy has never shown any interest in

helping her or the child from this, a poor family. The girl told CBH Swahili team that she was dialing a radio channel and she heard preaching going on at West FM and was convinced to surrender her life to Christ. She has never stopped listening to our program. She told us that since she gave birth to this boy, he never stopped crying and sweating terribly, but she believes that God is able to heal the boy.

Thank you so much for partnering with us to bring Hope to people like this who are searching. God bless you for your gifts and prayers.

## Thank You from Kenya

In our last newsletter, we shared with you a number of equipment and ministry needs for our studio in Kima, Kenya. A **CBH Eye on the World** ministry team visited there in July of this year. Due to your great generosity and

faithfulness, we were able to meet all our needs at the studio there. Additionally, while we were there, a major structural issue was identified in our 14-year-old studio. Consulting with local engineers, we were able to identify

the problem and craft a solution. While the corrections involved significant dollars, the generosity of some of our travelers came through to totally fund the fix to the build. Thankfully, we are back in production spreading Hope in Kenya! Come with us on an Eye on the World trip. It will change your life!

# May 6–19, 2024 • CBH Eye on the World: Birth of a Reformation

Italy

Switzerland

Germany

In Wittenberg, Germany, on October 31, 1517, Martin Luther, published a document he called Disputation on the Power of Indulgences, or 95 Theses. Directly confronting teachings of the Roman Catholic Church, it marked the beginning of the Protestant Reformation. Spanning from Italy, to Switzerland, to Germany... and lots of places in between and

beyond, the Reformation continues to have a significant influence on even the most modern expressions of Christianity. From Hus, Calvin, Luther, Zwingli, Zinzendorf, and many more—our lives, as followers of Jesus, have forever been changed by these Reformers. Traveling with Christians Broadcasting Hope, and our on-air teachers, you will see the

wonder that is Rome, Geneva, Strasbourg—and from there, the history of Protestantism across Germany. A river cruise through the fantasy-like world of the Rhine River will give you time to reflect on all you have learned, seen, and experienced.
